## ANTISTATIC WEIGHING POUR-BOATS

Pour boats are made of antistatic polystyrene to facilitate dispensing of powdered and liquid materials. It can be also used to safely weigh static-affected materials.

- Smooth, uniform and economical
- Withstand temperatures up to 80°C
- Moulded material used is thicker than conventional weighing dishes

| Item Description                                                                                                                                                                                                                                                                                       |                                                                                       |

WHERE SERVICE AND QUALITY IS OUR FIRST NATURE

Hexagon Plastic Weighing Dishes

Color: **Light Trans White, Antistatic Medium size**

Capacity: **50ml**

Dimension: **OD:3", Dep: 3/4"**

Packing: **Pk. of 500 nos.**

Part no: **AIASWBH45N**

Make: **ANALYSIS**

Canoe Plastic Weighing Dishes

Color: **Light Trans White, Antistatic Small size**

Capacity: **20ml**

Dimension: **57 x 44 x 8 mm ( 2.2 x 1.8 x 0.3")**

Packing: **Pk. of 250 nos.**

Part no: **AIASWBC57448N**

Make: **ANALYSIS**

Color: **Light Trans White, Antistatic Small size**

Capacity: **15ml,**

Dimension: **53 x 38 x 13 mm (2.1 x 1.5 x 0.5")**

Packing: **Pk. of 250 nos.**

Part no: **AIASWBV533813N**

Make: **ANALYSIS**

Square Polystyrene Weighing Boats with Small Easy-Pour Spout

Color: **Light Trans White, Antistatic Small size**

Capacity: **7ml**

Dimension: **41 x 41 x 8 mm (1.6 x 1.6 x 0.3")**

Packing: **Pk. of 500 nos.**

Part no: **AIASWBS041418N**

Make: **ANALYSIS**

Diamond Shape Polystyrene Weighing Boats

Color: **Light Trans White, Antistatic Small size**

Capacity: **5ml**

Dimension: **58 x 36 x 6 mm (2.2 x 1.4 x 0.2")**

Packing: **Pk. of 250 nos**

Part no: **AIASWBD58366N**

Make: **ANALYSIS**

Aluminum Moisture Weighing Pans

Capacity: **60ml**

Top ID: **103mm / Base OD:- 90mm Depth:- 8mm**

Thickness: **0.1mm**

Packing: **Pk of 80 nos.**

Part no: **AIGTALMPA60801**

Make: **ANALYSIS**
